EDUCATION

CEBU INSTITUTE OF TECHNOLOGY – UNIVERSITY
Bachelor of Science in Computer Engineering
Tertiary College
2022 – Present

UNIVERSITY OF CEBU – BANILAD
Science, Technology, Engineering and Mathematics
Secondary – Senior High School
2020 – 2022

MANTALONGON NATIONAL HIGH SCHOOL
Secondary – Junior High School
2016 – 2020

SKILLS

- Critical Thinking skills
- Communication skills
- Basic knowledge in PHP / HTML / CSS/React
- Basic knowledge in MySQL, Appwrite and Firebase
- Time-management and organizational skills
- Problem Solving
- Knowledgeable in Github
- Leadership & Teamwork
- Debugging
- Basic knowledge in arduino configuration

ORGANIZATION

Google Developers Groups on CIT-U
Member
SY 2024 – 2025
ICPEP.SE CIT-U CHAPTER
External Affairs Committee
SY 2024 – 2025

CAREER OBJECTIVE

Detail-oriented and motivated Computer Engineering student seeking an internship to contribute to the growth of an innovative development team. Eager to apply technical skills, learn new technologies, and support the creation of impactful software and hardware solutions.

PROJECTS

FullStack Developer tekno.space.onlinewebshop.net
TeknoSpace

- Lead end-to-end project planning, team coordination, and milestone tracking.
- Focused primarily on backend development using PHP, building secure and scalable server-side features.
- Designed and managed the MySQL database, ensuring efficient data structure and optimized queries.
- Integrated PHPMailer for automated, secure email functionalities such as notifications and contact forms.
- Deployed the project to a live server, handling configuration and launch.

FullStack Developer https://swiftsail-ferries.vercel.app
SwiftSail

- Worked closely with the project lead and teammates to align on goals and deliverables.
- Built full stack features using React and Firebase, ensuring seamless frontend-backend integration.
- Participated in sprint planning, code reviews, and team discussions for continuous improvement.
- Implemented user authentication, real-time database operations, and cloud functions.

FullStack Developer https://furwell.vercel.app
FurWell

- Developed and maintained features using React and Firebase.
- Integrated cloudinary APIs for storage.
- Identified and fixed bugs to improve system stability and user experience.
- Collaborated closely with the team to meet project goals and maintain code quality.
